# Regional Complete Streets Policy

- A Complete Streets Working group has been meeting this Spring to discuss and form MACOG's Regional Complete Streets Policy
- Policy intended to ensure streets accommodate all users, of all ages and abilities, safely
- Plan to present Policy for adoption later this summer

## The Elements of a Complete Streets Policy

Effective 2018

## ENERGY EFFICIENCY PROGRAMS FOR:

## Residential NIPSCO Customers

### ENERGY EFFICIENCY REBATES

Rebates are available for high efficiency HVAC equipment including furnaces, air conditioners, boilers, wi-fi thermostats and more! For a complete list of rebates, check out [NIPSCO.com/Rebates](http://NIPSCO.com/Rebates).

### LIGHTING

Upgrading to ENERGY STAR® LED lighting can reduce energy use by up to 80%! NIPSCO offers discounted pricing on qualified LED bulbs to residential electric customers through participating retailers. A full list of retailers can be found on [NIPSCO.com/Lighting](http://NIPSCO.com/Lighting).

### HOME ENERGY ASSESSMENTS (HEA)

The HEA program provides professional energy advisors that will take residential customers step-by-step through a home energy assessment to identify long-term, cost effective energy saving opportunities. Call Lockheed Martin Energy at 800-721-7385 to set up your no-cost assessment today! For more information, visit [NIPSCO.com/HEA](http://NIPSCO.com/HEA).

### APPLIANCE RECYCLING

NIPSCO residential electric customers can turn in their old, working refrigerator or freezer and receive \$50. A contractor will come pick up the appliance and deliver it to a safe recycling facility. Schedule a pick-up online, or call 800-721-7385 between 8 a.m. and 5 p.m. CST Monday through Friday. For more information, check out [NIPSCO.com/Fridge](http://NIPSCO.com/Fridge).

## ENERGY EFFICIENCY PROGRAMS FOR:

# Commercial & Industrial NIPSCO Customers

### PRESCRIPTIVE

Receive Prescriptive incentives for replacing outdated equipment with new, qualifying energy efficient equipment. View the full list of prescriptive incentives at [NIPSCO.com/SaveEnergy](https://www.nipSCO.com/SaveEnergy).

### CUSTOM

Custom incentives are available for energy efficient equipment upgrades that are not on the prescriptive incentive list. Incentives are determined based on estimated reduction in energy. Be sure to get pre-approved before you start your custom project!

### NEW CONSTRUCTION

The New Construction Incentive Program provides financial incentives for new commercial and industrial buildings that exceed standard building practices.

### SMALL BUSINESS DIRECT INSTALL

The Small Business Direct Install (SBDI) Program offers enhanced incentives to NIPSCO's small business customers who are making electric and natural gas energy efficiency improvements in existing buildings.

### Popular Projects

- Fluorescent to LED lighting Upgrades
- Chiller Upgrades
- VFDs
- Compressed Air Optimization
